Conference Commitment and Goals

Knowledgeable speakers, practical resources, artists and architect portfolios, and faith-filled experiences all await participants at the 2007 FORM/REFORM Conference. Designed for the ultimate benefit to participants, this four-day event will:

Help those involved in the building, renovation or restoration of worship spaces by providing practical information on the wide range of issues involved in this task.

Gather those with an on-going interest in spaces for worship and art for the liturgy by providing continuing education, and a forum for both individual and conference-wide sharing of conversation, information, and debate on liturgical issues facing both the local and national church.

Celebrate the work and vision of those artists, architects, and crafts persons who give the liturgy its visual expression by providing an opportunity for networking with other artists and those interested in art for the church.

Goals

- ♦ To address the issues related to the building, renovation, or restoration of a worship space in light of current church documents.
- ♦ To foster the local community's search for solutions to its particular problems and challenges that its space presents.
- ♦ To foster collaboration among artists, architects, and local and diocesan committees.
- ♦ To provide a forum for education and discussion of current issues in an age of transition

FORM/REFORM: The National Conference on Environment and Art for Catholic Worship

FORM/REFORM is the only U.S. conference devoted to the full range of issues in architecture, environment and art for Catholic worship. Held in different parts of the country, the conference attracts architects, artists, liturgists, musicians and members of parish and diocesan building committees. Richly diverse in background, the participants at FORM/REFORM share a common dedication to shaping beautiful spaces that serve the liturgical life of the Catholic community.

FORM/REFORM is unique in the variety of activities that take place during the conference. In addition to the three major presentations, there are several extended sessions, over 30 breakout sessions, tours, specialized colloquia, artist, architect and liturgical design consultant portfolios and over 60 exhibit booths or table presentations.

The general sessions will inspire us by examining 3 goals:

- ♦ New Dawn: On Orienting the House of the Church toward the Resurrection.
- ♦ Encountering the Imagination
- ♦ Allowing Conversion

Based on our past history, we anticipate the FORM/REFORM Conference to host 400-500 participants from 130 different dioceses, from at least 35 states and several foreign countries.

Because of the wonderful opportunities at this conference for networking and sharing ideas with all the artists, architects, liturgical design consultants and presenters, we encourage you to stay at the Hyatt Regency Milwaukee. As an additional incentive, each person staying at the conference host site will be eligible to win \$100 per night of their stay. We hope you take advantage of this and join us at the Hyatt Regency for the conference.

FORM/REFORM is registered with the AIA Continuing Education System (AIA/CES). This conference meets the AIA/CES criteria for learning credits.

Diocesan Office of Worship Directors please contact our office for a special offer.

“FORM/REFORM Conferences offer indispensable opportunities for pastors and parishioners to acquire the tools required in building new structures or renovating older facilities. These moments are preparation multipliers in the faith communities’ efforts to design and implement use of the sacred space.”
